ANNUAL REPORT HOLDERNESS, NEW HAMPSHIRE

Trudy's Garden

Year Ending December 31, 1988

*Published by the
Holderness Library*

About The Cover

Of gardens and things:
Bees are Black,
with Gilt Surcingles -
Buccaneers of Buzz.
Ride abroad in
ostentation
And subsist on Fuzz.
c. 1877 - Emily Dickinson

In recognition and appreciation for the long hours of hard work and expense given by Erma Rand creating the beautiful flower garden in front of the Town Hall. Many thanks!

Town of Holderness Real Estate Assessments as of April 1, 1988

Frank G. Webster

1903-1988

85 years ago on Dec. 4, 1903, Frank G. Webster II was born in his Grandfather's house on Burleigh Fram, off Route 113, in the town of Holderness, N.H. Few people can claim this honor, and over the years, he has showed his loyalty to and love of the Town of Holderness and its residents.

Getting involved in town politics was one of his favorite pastimes, and getting things done as quickly as possible on His terms was high on his list of priorities. His door was always open to anyone with "the latest scoop," personal problem or just a spirited conversation.

Being a man of action, his list of accomplishments was long, his undying love of the Squam Lakes and the Land surrounding it has unquestionably contributed to its present beauty.

The thing Frank Webster enjoyed most of all was people, their ideas, their accomplishments, and their entertainment. This was the reason he founded the original Squam Lakes Science Center, was to share his interest in educating people to the nature of things and how they interact.

Frank Webster was much like the Old Man of the Mountain, a presence to be reckoned with, and once met, hard to forget.

We will all miss him.

Holderness Town Warrant 1989

The State of New Hampshire

To the inhabitants of the Town of Holderness in the County of Grafton and State of New Hampshire qualified to vote in Town affairs;

You are hereby notified to meet at the Town House on Tuesday the fourteenth of March next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall not close earlier than seven o'clock in the afternoon to act upon the following subjects, the third and subsequent articles to be acted upon commencing at seven o'clock in the evening of the following day, the fifteenth day of March, in the auditorium of the HOLDERNESS CENTRAL SCHOOL.

ARTICLE 1: To choose all Town Officers by official ballot.

ARTICLE 2: To see if the Town will vote by official ballot on the amendments to the existing Zoning Ordinance as proposed.

ARTICLE 3: To accept the report of all Town Officers and Committees.

ARTICLE 4: To see if the Town will vote to authorize the Selectmen to accept from Beth B. Shoup, for use as a town road, a deed to the Town, of an existing private way, 50 feet in width, known as Locust Drive (including the turn around at the end thereof) as shown on a plan entitled as follows: "Webster Park South, Route 175, Holderness, N.H. Property of Donald & Beth Shoup 7 Lots Scale 1"= 50' ", by John March, Campton, N.H. Surveyed August 1986, and recorded in the Grafton County Registry of Deeds. A copy of which is at the Town Hall. (By Petition)

ARTICLE 5: To see if the Town will vote to authorize the Selectmen to accept from Ward D'Elia, Alex Ray and Robin Speas, for use as a town road, a deed to the Town for that portion of the right of way commonly known as Bob House Road as described in Appendix A on file in the Town Office. (By Petition)

ARTICLE 6: To see if the Town will vote to authorize the Selectmen to accept as a town road the existing private road in the Pemi River Heights subdivision, which is 50' in width, which is more particularly described as follows: The right of way shown on a plan entitled "Pemi River Heights Survey for Stanley Jackson Location Rte. 175, Holderness, N.H. Date 9/78, Scale 1"=100' " which is recorded at the Grafton County Registry of Deeds, which right of way intersects with Route 175 and is 50' in width; commenc-

ing at the most northeasterly corner of Lot 3 and extending in a westerly direction and parallel to the east-west boundary of Lot 3 a distance of 600 feet, more or less, to the easterly portion of Lot 6. (By Petition)

ARTICLE 7: To see if the Town will vote to decrease the number of Library Trustees from six to five. (By Petition)

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of three hundred dollars (\$300.00) to meet the requirements of RSA 442-A in reference to the impounding of dogs.

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of twenty-six hundred dollars (\$2600.00) for the support of hospitals (LRGH \$600.00). (SSMH \$1000.00), (Concord Hospital \$500.00), (Dartmouth-Mary Hitchcock Memorial Hospital \$500.00)

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of one thousand four hundred twenty-six dollars (\$1,426.00) to assist in maintaining the services of the Grafton County Senior Citizens Council.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of two hundred fifty dollars (\$250.00) to maintain and continue the system of services of the Inter-Lakes Day Care Center.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200.00) to support the Plymouth Area Task Force Against Domestic Violence.

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of six thousand five hundred ninety-five dollars (\$6,595.00) to assist in maintaining the services of the Pemi Baker Home Health Agency.

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of six hundred dollars (\$600.00) to support the services of the Tri-County Community Action Program.

ARTICLE 15: To see if the Town will authorize the Selectmen to administer, lease, sell, convey or otherwise dispose of any real estate acquired by the Town by any Tax Collectors deed in accordance with the provisions of RSA 80:42.

ARTICLE 16: To see if the Town will authorize the Selectmen to apply for, accept and expend without further action by the town meeting, money from the state, federal or other government unit or private source which

becomes available during the fiscal year in accordance with procedures set forth in RSA 31:95-b.

ARTICLE 17: To see if the Town will authorize the Trustees of Trust Funds to withdraw from Capital Reserve, the money plus accrued interest that has been placed in Capital Reserve for a Fire Truck.

ARTICLE 18: To see if the Town will vote to raise and appropriate a sum to be placed in Capital Reserve and invested until needed for purchasing the following:

Police Cruiser	8,000
Revaluation of Property	30,000
Highway Truck	7,500
Total	<u>\$45,500</u>

ARTICLE 19: To see if the Town will vote to raise and appropriate the sum of twenty-five thousand dollars (\$25,000) to be applied to the Town’s share of upgrading Perch Pond Rd.

ARTICLE 21: To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) for an engineering study to be used for the Capital Improvements Program (CIP) and Transportation Improvements program (TIP).

ARTICLE 22: To see if the Town will vote to raise and appropriate the sum of seven thousand dollars (\$7,000) for the purchase of a tow behind broom for the Highway Department.

ARTICLE 23: To see if the Town will vote to raise and appropriate the sum of one hundred forty thousand dollars (\$140,000) for the purchase of a new Fire Truck with authorization to withdraw one hundred twenty-five thousand dollars (\$125,000) from Capital Reserve established for this purpose.

ARTICLE 24: To see if the Town will vote to raise and appropriate the sum of nineteen thousand dollars (\$19,000) for Fire Station improvements.

ARTICLE 25: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

ARTICLE 26: To see if the Town will vote to authorize the Selectmen to act as agents for the following Capital Reserve Funds: Fire Truck, Police Cruiser, Highway Truck and Revaluation of Property.

ARTICLE 27: To see what sum of money the Town will vote to raise and appropriate and if the Town will make any alteration in the amount of money required for the support of the Town as recommended by the Budget Committee in its report.

ARTICLE 28: To transact any other business that may legally come before the meeting.

Given under our hands this 15th day of February in the year of our Lord nineteen hundred and eighty-nine.

Roger S. Gage, Chairman
Willis H. Holland
Paul Rheinhardt
Holderness Board of Selectmen

We, the undersigned, Selectmen of the Town of Holderness, New Hampshire, do hereby certify that on the 21th day of February, 1989 we posted an attested copy of the foregoing warrant at the Holderness Town House, the Holderness Central School, the place of the meeting, and like copy of said warrant at the Holderness Post Office, a public place in said Town of Holderness.

Town of Holderness, N.H.

Town Meeting — March 1988

Minutes

At the annual Town Meeting of the Town of Holderness held on March 8 and March 9, 1988, the following business was transacted.

At 10 a.m. on Tuesday, March 8, 1988, Moderator pro tem Ross V. Deachman, having been duly appointed by Moderator George T. Ray, Jr. who was ill, and sworn in by the Town Clerk, opened the annual meeting. The Moderator commenced the reading of the warrant, and after reading Articles 1 and 2 declared the polls open. Shortly after 7:00 p.m. the polls were closed, ballots counted, results announced and winners declared by the Moderator.

At 7:07 p.m. on Wednesday, March 9, 1988, at Holderness Central School, the meeting resumed. Moderator pro tem Ross V. Deachman commenced the reading of the warrant and announced the results of the voting on Articles 1 and 2.

ARTICLE 3: Relative to adopting a tax lien procedure. Mr. Tink Taylor moved, Mr. Earl Hansen seconded. Mrs. Crecia Closson moved to table Articles 3 and 4 and to take up Article 6 then Article 5. Mr. Hansen seconded. The Moderator explained that Articles 5 and 6 must by law be dealt with first since they involve amounts over \$100,000. Motion carried by voice vote.

ARTICLE 6: Relative to \$275,000 to purchase the former Trapper Brown building for use as a highway garage. Article moved by Mr. Richardson Blair, seconded by Frances Taylor. Mrs. Olive Staples spoke against the article because of the poor condition of the building and the cost. Mr. Richard Piper expressed concern about the building sinking. Mr. John Manita made a motion to table indefinitely Article 6. Mr. Piper seconded. Motion passed on a voice vote; the Moderator interpreted the motion as a motion to table, since there is no such thing as a motion to table indefinitely.

ARTICLE 5: Relative to \$170,000 to build a highway garage on Town Forest land. Mrs. Staples moved, Mrs. Peggy Winton seconded. Mrs. Closson questioned how to deal with this article since the amount was not recommended by the Budget Committee and represented more than 10% of the recommended budget. The Moderator explained that Article 5 could not be voted on at this time, since Article 6 was merely tabled and could still be brought up and passed. Should Article 6 pass, an affirmative vote on Article 5 would cause the recommended budget to be exceeded by more than 10%. If Article

6 failed, then Article 5 could be voted on and passed. Mr. Blair motioned to table Article 5. Mrs. Closson seconded. Mr. Willis Holland asked as a point of order if there were any way the Town could get to vote on this project. The Moderator answered in the affirmative, explaining again that Article 6 could be passed, or if it was defeated then Article 5 could be passed.

At this point Mr. Piper questioned whether the town has a town counsel. Mr. Deachman responded that yes, he was Town Counsel. He later explained that he saw nothing in the statutes against Town Counsel serving as Moderator, and cited another instance where a town's legal advisor had also served as moderator.

Voice vote to table Article 5 was in the affirmative.

ARTICLE 6: Mr. Martin Riehs, Jr. made a motion to take Article 6 from the table. Mrs. Closson seconded. Motion passed with some dissenting votes. Mr. Manita moved to postpone indefinitely Article 6. Dr. Newell Squires seconded. The Moderator warned that the meeting was again setting itself up in a quagmire should it vote to postpone indefinitely, since such action allowed for reconsideration of the article at a later time, thereby creating a situation where Article 5 could not be voted upon. Mr. Manita withdrew his motion and Dr. Squires withdrew the second. Mr. Orvell Tyrrell spoke against the article, saying that he felt the Town does not need these facilities, nor is the site suitable. Mr. Jeffrey Daigneault moved to end debate. Mr. Holland seconded. Voice vote was in the affirmative by 2/3 majority. The Moderator reread Article 6, explaining that the polls would be open for one hour on this question, and that a 2/3 majority was necessary for passage. Mr. Hansen moved that the meeting take up other matters when those present had voted and before the one hour was up. Motion seconded by Mr. Manita and passed unanimously. At the end of one hour the polls were closed, ballots counted and results announced. Of 163 votes cast, 146 were negative and 17 affirmative. Article 6 defeated.

ARTICLE 5: Mr. Manita made a motion to remove Article 5 from the table. Mr. Taylor seconded. All were in favor. Mr. Manita made a motion to table Article 5 to March 1, 1989 at 11:30 PM. Mr. Taylor seconded. Mr. Manita explained that he didn't want his taxes to go up again. Mr. Taylor asked if the motion meant that Town Meeting would have to be recessed until the date and time given. The Moderator said yes. Mr. Manita was asked if he would withdraw his motion. He refused, saying he just wanted to kill the article. The motion to table was defeated by voice vote without opposition.

Mr. Riehs, chairman of the Municipal Facilities Committee, explained the committee's findings and suggestions. Considerable discussion ensued.

The Budget Committee was asked why it had not approved this recommendation. Chairman Laverack said that the decision was based on site, not finances. The Selectmen requested that the Road Agent give his opinion. Mr. Thompson said he felt that the article should be dismissed, and that he would like to hear from the Selectmen. A motion was made and seconded to move the question. Voice vote was unanimously affirmative. A motion was made, seconded and passed to discuss other business after all had voted and before the polls were closed. After more than one hour, the polls were closed, ballots counted and results announced. Of 160 ballots cast, 111 were in the negative, 47 affirmative and 2 blank. Article 5 defeated.

ARTICLE 3: After all present had cast their votes for Article 6, Mrs. Staples moved that Article 3 be passed over because it required a ballot vote. Mr. Taylor seconded and all were in favor. After the polls closed on Article 5 voting, Mr. Piper moved and Mr. Hansen seconded to consider Article 3. Article moved by Mr. Hansen, seconded by Mrs. Taylor. Selectman Gregg moved to amend by adding, "to be effective January 1, 1988 as per RSA 80:87." Amendment seconded and voted in the affirmative by voice vote. Main vote passed by written ballot: 107 yes votes, 14 no and 2 spoiled ballots.

ARTICLE 4: Relative to discontinuing resident tax. Article moved and seconded. Mr. Piper gave a brief history of resident tax. Mr. Winslow explained that the Selectmen feel this to be a regressive tax and it is best to eliminate it. The Moderator added that money usually raised by this tax would be spread out and collected from all property owners, resident and non-resident. Motion to move the question seconded and voted in the affirmative. Article 4 voted in the affirmative with some dissenting votes.

ARTICLE 5: see above

ARTICLE 6: see above

ARTICLE 7: Relative to returning to Town Forest status the land previously designated for highway department building. Motion made by Mrs. Winton, seconded by Mr. Don Goodridge, to table until after Article 5 voted on. Motion passed. After the Article 5 vote, Mrs. Taylor moved and Mr. Jeff Daigneault seconded to take Article 7 off the table. Vote was unanimously in favor. Mrs. Staples spoke against the article, wishing to leave the status of the land as is since the town may want to do something with it next year. The Moderator was in doubt as to the voice vote and called for a standing vote. Article 7 defeated 36 yes, 69 no.

ARTICLE 8: Relative to accepting reports of officers and committees. Mr. Hansen moved to accept reports as printed in the Town Report. Mrs. Gehling seconded. Vote was unanimously in the affirmative.

ARTICLE 9: Relative to establishing a Capital Improvement Program. Mr. Hansen moved, Mr. Taylor seconded. Mrs. Closson moved to amend by striking “at least 6 years” and inserting in its place “5 years.” Mrs. Frances Ayer seconded. Mr. Sam Goodwin asked if the RSA gave a time period. The Moderator read the statute, which specifies “at least 6 years.” Mrs. Closson did not care to withdraw her amendment. The second was withdrawn, and with no new second forthcoming the motion to amend was not allowed. Mrs. Closson explained what a CIP is and does. Mr. Manita asked the cost of the program. Article 9 passed by voice vote with no dissent.

ARTICLE 10: Relative to authorizing site plan review by Planning Board. Mrs. Staples moved, Mrs. Squires seconded. Mr. Webb asked the Planning Board’s view. Mr. Steve Currier said that to the best of his knowledge the Planning Board had not discussed it and had no official position. Mr. Riehs, Mr. Chabot, Mr. Lindberg and Mr. Francesco spoke against the article, saying that it could inhibit commercial development. A voice vote was in doubt. Standing vote showed 61 in favor, 86 opposed. Article 10 defeated.

ARTICLE 11: Relative to accepting Locust Drive as a town road. Mr. Piper moved, Mr. MacNeil seconded. Road Agent Lyle Thompson spoke against accepting the road, saying that we have enough town roads now. There is only one, currently unoccupied, house on the road. Mr. Milton Huckins said he feels it is poor policy for the town to take over short, dead end roads. Article 11 defeated unanimously.

ARTICLE 12: Relative to accepting Sargent Road and Lincoln Road as town roads. Mr. Daigneault moved, Mr. Piper seconded. Road Agent Thompson suggested waiting another year, to see what Ashland does with its section of the road. Mrs. Martha Richards spoke in favor of accepting the roads, explaining that there are 17 families living in the subdivision who pay a lot of taxes and would like to have town plowing and school bus service. She said the road is wide and up to town standards. Mr. Francesco pointed out that access can be gained from Smith Road, and what Ashland does should not be our concern. Mr. Hansen claimed that the second phase of the road is not completed. Mrs. Richards said that it is completed but just not plowed. A voice vote was in doubt. The Moderator called for a standing vote which showed 65 yes and 79 no votes. Article 12 defeated.

ARTICLE 13: Relative to designating Smith (Hill) Road a scenic road. Mr. Zampieri moved, Mr. Markle seconded. The Moderator read the scenic road statute. Mr. Hansen explained the history of the scenic road bill, claiming that the only thing this bill does now is to tie the hands of the road agent. The Moderator disagreed with his interpretation. Several voters rose to speak in favor of passing legislation that would help preserve the scenic character

of our area. A voice vote was in the affirmative with some dissent. Article 13 passed.

ARTICLE 14: Relative to designating Beede Road a scenic road. Mrs. Staples made a motion to pass over Article 14 until Article 5 was voted on, since this is the road the town forest highway garage site is on. Motion seconded and voted in the affirmative. After the voting on Article 5, Article 14 was again placed before the house on a motion by Mr. Ray MacNeil, seconded by Mrs. Taylor. The Moderator explained what was meant by Beede Road. Article 14 voted in the affirmative with some negative votes.

ARTICLE 15: Relative to designating Perch Pond Road a scenic road. Mr. Daigneault moved. Article was seconded and Ms. Sandra Heath moved to amend so that the article would read: "To see if the Town will vote to designate as a scenic road a portion of Perch Pond Road beginning 7/10 of a mile from the Mountain Road and continuing to the Campton town line, and designating the Selectmen as the municipal body to implement the provisions of RSA 231:158." Amendment seconded. The Moderator explained that the amendment would have the scenic road start at the end of the Blackburn property. Ms. Heath explained that the reason for this is that a subdivision is already planned for the Blackburn property, and to change the road designation seemed to be in conflict. After some discussion, vote on the amendment was in the negative. Some discussion ensued with respect to the impact of the scenic road designation on the Blackburn subdivision. Mr. Gregg stated that the Selectmen do not feel this is a gray area. Voice vote on Article 15 was in doubt. A standing vote showed 84 in favor, 42 opposed. Article 15 passed.

At this point Mr. Hansen moved and Mrs. Staples seconded that the Selectmen be designated as the municipal governing body to implement the provision of RSA 231:158. The Moderator allowed the motion, and a voice vote was in the affirmative.

ARTICLE 16: Relative to raising \$300.00 in reference to the impounding of dogs. Article moved and seconded. Chief Zampieri was asked to speak. He said that he believes the \$300 goes to the Humane Society, where we take dogs upon occasion. He also spoke of the need for a dog officer. Article passed with no opposition.

ARTICLE 17: Relative to \$2600 for the support of hospitals. Mr. Hansen moved, Mrs. Staples seconded. Article 17 passed with no opposition.

ARTICLE 18: Relative to \$1295.00 for Senior Citizen Council. Mr. Hansen moved, Mrs. Staples seconded. Article voted in the affirmative with no opposition.

ARTICLE 19: Relative to \$576.00 for Inter-Lakes Day Care Center. Mr. Hansen moved; article seconded. Mr. Laverack moved to amend to read "the sum of \$500.00.", and explained that the Budget Committee felt a cap should be put on the amount of this appropriation. Amendment seconded. Mr. Laverack explained that Holderness is asked to pay a share proportionate to the number of Holderness children who use the facility. Amendment passed by voice vote. Article 19 as amended voted in the affirmative with no opposition.

ARTICLE 20: Relative to \$200.00 for Task Force Against Domestic Violence. Mr. Hansen moved, Mrs. Squires seconded. Article 20 passed with no dissenting votes.

ARTICLE 21: Relative to authorizing Selectmen to dispose of tax collector's deed property. Mr. Hansen moved, Mrs. Staples seconded. Voted in the affirmative with no opposition.

ARTICLE 22: Relative to authorizing Selectmen to apply for, accept and expend gifts to the town, including land. Mr. Hansen moved, Mr. Piper seconded. The Moderator explained that Article 22 included land and/or interest in land as well as the other categories, as part of a movement to encourage towns to receive land for conservation easements, for example. Selectman Gregg warned that Article 22 might be in violation of the RSA, and that the Conservation Commission can already accept land. Article 23 was inserted so that the Town would be assured of being able to accept monies even if Article 22 were to be illegal. Vote on Article 22 was in the affirmative with some dissenting votes.

ARTICLE 23: Relative to authorizing the Selectmen to apply for, accept and expend money from outside sources. Mr. Hansen moved, Mr. Piper seconded. Mr. Bergeron asked if this article was necessary. The Moderator explained that it would do no harm to vote on it, and would eliminate running the risk of not being able to accept funds. Vote was in the affirmative with no dissenting votes.

ARTICLE 24: Relative to authorizing withdrawals from Capital Reserve. Article moved and seconded. Mr. Laverack moved as follows: "To see if the Town will vote to amend Article 24 by adding the following: highway truck \$10,000 plus \$1200 interest, police cruiser \$7,500 plus \$700 interest." Amendment seconded. This money is for items included in the regular budget and must be voted out of Capital Reserve. The Department of Revenue Administration requests that a dollar amount be specified. Any excess funds should stay in Capital Reserve, and not go to the general fund. Amendment passed with no opposition. Article 24 as amended voted in the affirmative with no opposition.

ARTICLE 25: Relative to raising and placing in Capital Reserve \$45,000. Article moved and seconded. Mr. Laverack moved as follows: "To see if the Town will vote to amend Article 25 by adding the following: 'and to create and establish a Capital Reserve Fund for the purpose of a beach septic system; and authorize the Board of Selectmen to act as agents for this fund.' " Amendment passed without opposition. Article 25 as amended passed without opposition.

ARTICLE 26: Relative to authorizing Selectmen to borrow in anticipation of taxes. Article moved by Mr. Taylor, seconded by Mr. Hansen. Mr. Manita asked how much the town would be borrowing. It was explained that the town would be authorized to borrow up to $\frac{1}{3}$ of the total budget before Town Meeting. Article 26 voted in the affirmative with no opposition.

ARTICLE 27: Relative to authorizing Selectmen to act as agent for certain Capital Reserve Funds. Mr. Hansen moved, Mr. Taylor seconded. Article voted in the affirmative with no opposition.

ARTICLE 28: Relative to amount of money to be raised for the support of the town. Mrs. Staples moved that the town raise and appropriate for the support of the town the sum of \$1,245,639 as recommended by the budget committee, less the sum of \$275,000 already defeated. Motion seconded. Chief Zampieri rose to amend: "To see if the Town will vote to amend Article 28 by adding or changing the following budget items:

line 6 Reappraisal of property add \$1,500

line 7 Planning Board for LRPC add \$800

line 15 Police Department for Worker's Compensation add \$7,200
for overtime add \$1,000

line 16 Fire Department for forestry add \$1,000
for training add \$1,000

line 24 General highway expense for Worker's Comp. add \$2,600

line 62 change to omit "(4 WD)"

Mr. Hansen seconded. Items were taken up one at a time. None had been heard before the budget committee. Mr. Leonard stated that he has problems with amending the budget from the floor after all the hard work the budget committee does. After some questions on all items, lines 6,7,15,16, and 24 passed by voice vote. Voice vote on line 62, deleting "(4 WD)", was in doubt. A

standing vote showed 61 in favor, 41 opposed. Entire amendment passed, changing the figure in Article 28 to \$985,739.

Mr. Laverack moved to delete the sum of \$20,000, representing the interest expense on long term notes or bond no longer necessary since the Town would not be borrowing for a highway garage. Mrs. Staples seconded. Amendment passed, making the proposed figure now \$965,739.

Mr. Daigneault moved to amend by deleting \$9,500 and \$15,000 for survey, research and engineering costs for Perch Pond Road. Selectman Gregg explained that these amounts had been included because the Planning Board has given conditional approval to a subdivision based on making improvements to Perch Pond Road. In order to make the improvements it is necessary to know where the road is, and that the improvements be designed properly. Some of the cost will be reimbursed by the developer. The Moderator declared the amendment defeated on a voice vote. Moderator's decision was questioned and a standing vote called for. Standing vote showed 27 in favor of the amendment, and Moderator was satisfied that the amendment was defeated.

Mr. Holland rose to amend to establish a Capital Reserve Fund for a highway department building, raising and appropriating the sum of \$15,000 and authorizing the Selectmen to act as agents for this fund. Amendment carried by voice vote, raising the figure to be voted on to \$980,739.

A motion was made and seconded to move the question. Motion to move passed by voice vote. Article 28 as amended, raising and appropriating the sum of \$980,739 for the support of the town, voted in the affirmative.

ARTICLE 29: Relative to any other business. Park Board member Susan Lafreniere asked the concensus of the meeting as to whether the Park Board should accept a gift of a swing set for use at the town beach. After some discussion a vote was taken that such a gift should be accepted, but that the Selectmen should look into the insurance situation.

Mr. Peter Hodges rose to give a word of thanks to the officers of the town, and especially to Moderator pro tem Ross Deachman for filling in so capably on such short notice.

On a motion by Mr. Hansen, seconded and voted in the affirmative, the meeting was adjourned at 11:11 p.m.

Respectfully submitted,
Alisoun Hodges
Town Clerk

Audit Statement

We have audited the financial statements of the various funds and account groups for the Town of Holderness, New Hampshire, for the year ended December 31, 1988, and have issued our report dated February 2, 1989. As part of our examination, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such an evaluation is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed derived benefits and that evaluation of these factors necessarily requires estimates and judgments.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally with respect to the estimates and judgments required in the preparation of the financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study of the system of internal accounting control for the year ending December 31, 1988, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. The study and evaluation disclosed no weaknesses which we consider to be material. The recommendations which follow were developed from our observation of the Town's operations and are not the result of any special study.

Property Tax Collection

Tax Bills

State law permits property tax bills to be rounded off to the nearest dollar. We continue to urge that the Town consider implementing this policy as it simplifies the Tax Collector's bookkeeping tasks.

Tax Abatements

During the year certain assessment errors were noted subsequent to issuance of the tax bills. The errors were corrected by abating the amount of taxes applicable to the overassessment and issuing corrected bills. We believe that due to the unique nature of the State of New Hampshire's tax collection laws and regulations that an abatement for the entire amount of the original tax should be issued and a supplemental warrant for the corrected amount of tax should be given to the tax collector.

Planning Board Agreements With Developers

Planning Board agreements with developers which have an impact on the Town's financial reporting system are currently administered on an informal basis. The major difficulty with an informal system is that potential errors can result from misunderstanding of verbal instructions. We believe that the Selectmen and the Planning Board should jointly develop a formal system to insure that execution of the agreements is consistent with the original intent.

Accounting System

The Town operates a single entry accounting system basically designed by the state of New Hampshire Tax Commission in the mid-1930's. While this system has served the Town well for many years, inadequacies are appearing due to the increasing information demands being placed on it. We recommend that the Town consider adopting a double entry accounting system in the near future.

A letter of this nature concentrates on identified problem areas. We do not mean to imply criticism of Town Officials but to highlight areas where we believe operating systems can be strengthened. We wish to express our thanks to the Officials of the Town for their assistance during the course of our audit.

Carey, Vachon & Clukay, PC

Report of the Selectmen

1988

The year 1988 will be remembered as one that witnessed many changes at the Town Office. For instance, since Jan. 20, 1988 a complete turnover in members of the Board has taken place, with three resignations requiring the appointment of three new members to the Board.

Growth by way of development continues to be a problem to be dealt with. As a result, a Capital Improvements Plan has been formulated, and when put in effect will offer some means of guidance in this area.

The Board is taking a hard look at budgets, in an effort to keep spending under control as much as possible.

Due to the complexities and time requirements of the job at the Town Office, now being performed by the Selectmen, the Board feels that thought should be given to hiring an Administrator to handle the ever increasing responsibilities associated with the office. The point is, that unless a board member is retired, or is not employed on a regular basis, the time cannot be found to properly perform the duties of the office. Money has been placed in the 1989 budget for the voters at town meeting to consider hiring an Administrator. The Board feels that a favorable decision should be made on this proposal.

Most are aware of the changes at the transfer station. In June the station took on a new look and challenge. Loading docks were built by the Highway Department and box trailers were brought in to store and transport newsprint and aluminum cans. The results are quite noticeable, in 1986 1090 tons were removed from the compactor, 1987 1166.69 tons, and in 1988 1061.01 tons, a reduction of 106 tons. Because of this decrease in tonnage, Central Disposal's 1989 bill will not increase. The credit goes only to the users. We the Board of Selectmen would like to thank all for the cooperation and ask for continued support and ideas of this type to make Holderness an affordable place to live.

Sincerely,
Roger S. Gage
Willis H. Holland
Paul S. Rheinhardt
Board of Selectmen

Annual Report

On the Status of the Former Town Dumpsite/Transfer Station

On June 5, 1986 the state Office of Waste Management issued a Solid Waste Compliance and Enforcement Order to the town following a routine June 3 inspection of our former dump off Route 3. This order meant that, by state law, we would be required to test surface and groundwater around and under the old dump, then, as the next phase, prepare a plan for preventing future pollution by sealing off the area and containing any contaminated leachates.

The first of these phases has been completed and the results are very encouraging.

Following hydrogeological investigation to determine: 1) the vertical and horizontal extent of refuse buried at the site through the years, 2) the direction and rate of groundwater flow, 3) the kinds of pollutants seeping out of the dump, if any, 4) the areas that might require closure by sealing off and, 5) the locations of permanent groundwater monitoring wells for ongoing sampling, we have learned that the extent of contamination of both surface and groundwaters is minimal and within acceptable parameters.

Tests conducted this fall commencing Sept. 21 indicated that materials such as glass, metal, bricks and ash were encountered to a depth of about two feet below the old dump surface. Below this level medium to fine sand to a depth of 4.2 feet was revealed, then a layer of hardpan clay. Hardpan deflects rain and spring meltwater which might otherwise percolate down through old garbage and other waste and ultimately into the groundwater.

Then the geologists found solid fill mixed with sand and gravel, presumably used as cover material. This was encountered at depths to as much as 10 feet.

On September 30 groundwater samples were taken from three test wells while a surface sample was taken next to Lamb Swamp. Subsequent analysis showed no volatile organic compounds or other hazardous/toxic substances to be present.

However concentrated levels of nitrate, sodium, chloride and calcium were detected within the groundwater samples taken. These levels were within drinking water standards as were levels of manganese.

Surface water levels of manganese were above the drinking water standard of .02 milligrams per liter.

Dunn Geoscience Corporation, the firm retained by the Holderness Conservation Commission to do the field investigation and recommend solutions to the town, states in part on page 4 of their draft report delivered to us early in 1989: "...it appears that no adverse environmental contamination has occurred at the intervention boundary (an imaginary line drawn around the dump outside of which no adverse pollution above Safe Drinking Water Standards may exist)."

These are favorable findings and they confirm what we had suspected might be the case all along: That the former Holderness dumpsite is not experiencing, nor is likely to experience in the years ahead, the kinds of pollution normally associated with larger landfills.

Respectfully submitted,
Tink Taylor
for the Conservation Commission

Report of the Town Hall Committee

1988

The year 1988 witnessed the conclusion of renovations to the Town Hall. The projects completed were as follows:

The interior of the meeting room was painted. The floor was refinished. A suspended ceiling installed, as well as a new lighting system. Also a heating system that will be more efficient and convenient was placed in service. We now have a handicap ramp at the rear of the building for handicap access.

1989 will see new curtains for the windows, and insulation installed in the walls with the ceiling being capped.

The downstairs area will receive a fresh coat of paint and some new carpeting to replace some badly worn carpet that exists there.

We wish to express our thanks to all Boards and Committees for their patience and endurance while these projects were in progress.

Respectfully,
Town Hall Committee

Report of the Grafton County Senior Citizens Council, Inc.

October 1, 1987 - September 30, 1988

Number of Senior Holderness residents served: 44 (of 251 over 60; 1980 Census)

Number of Holderness Volunteers: 11; Number of Volunteer Hours: 377.

For the entire agency, services were funded by: Federal and State programs, 50%; Municipalities, Grants & Contracts, County and United Way, 14.8%; Contributions, 13.9%; In-kind donations, 17.9%; Other, 1%; Friends of GCSCC, 2.4%.

Report of Holderness Police Department - 1988

As the town and surrounding area continue to grow, so does our activity. The year 1988 saw a 12% increase in activity with the department handling 2,965 items during the year. Activity is very steady throughout the whole year without the lulls which we looked forward to years ago.

I would very much like to thank the Highway Safety Committee for meeting numerous times during the past year. Their assistance enabled us to receive money for half our new radar system, and total funding for the DWI patrol. These funds came to our town via the N.H. Highway Safety Agency. This money, along with other revenue, allowed us to turn \$9,000 back into the General Fund.

Senseless acts of criminal mischief continue to plague the town. Burglaries still occur, so be observant of what is going on around your neighborhood. Drugs are still a problem, since everything from marijuana, acid, cocaine and heroin are known to be in the area. Only through better cooperation of law enforcement agencies can this problem be addressed.

As we look to the future, I believe we have to look at 24 hour coverage. Members of the department are starting to settle down, and possibly live in other towns. We also need a secretary in the office 25-30 hours a week to handle paperwork generated by our activity. My last concern for the future is the question of accreditation for the police department. Several departments in the state are in the process of accreditation, and numerous others are looking into it. The N.H. Municipal Trust is starting to support it, with talk of discount rates on insurance and partial funding of application fees. Although I'll probably be retired by the time it becomes a reality, I do believe planning should start now, for the future good of the department and the town.

Last, but not least, I want to thank Alisoun Hodges for her diligence and patience as our secretary these past several years. Speaking not just for myself, but for all the officers, she will be surely missed. We all wish her and Peter the best of luck in their future endeavors.

Respectfully submitted,
Darryl A. Zampieri
Chief of Police

1988 Overseer of Welfare Report

Under the present guidelines applicants must sign prepared forms at-testing to their need. Those considered eligible receive one or more food orders, until arrangements are made for self support. All are informed this is tax payers money and should be repaid to the town. Our biggest problem is low income housing. We helped 8 families.

Laura Heath
Overseer of Welfare

Fifty-Sixth Annual Report of the Holderness Fire Department

The Town's new four-wheel drive Utility Van (12U1) has proven to be a great asset to the Holderness Fire Department. With medical emergencies still dominating our call summary (see below), it provides a much more versatile and organized vehicle for these calls. Its size makes it much easier to drive than a fire truck and its use saves wear and tear on the front-line fire apparatus (12M4) which previously had to be used for medical calls. We hope to add to 12U1's medical and rescue equipment over a period of years.

Each year there is increasing pressure from both the State Legislature and insurance companies for firefighters to be State-certified. This pressure, along with the other benefits of training, motivated 9 members of the Holderness Fire Department to complete an 88-hour Firefighter Level I Certification Course during the spring and summer. Classes included units on Fire Behavior, Breathing Apparatus, Ladders, Water Supply, Fire Streams, Ventilation, etc. A 10th member of the HFD is taking the same course in Plymouth this winter.

The sudden demise of our 1960 tanker-pumper (12M3) in late 1987 has pushed us to accelerate our request for a replacement truck of comparable size and capabilities. With severe mechanical problems and difficulty in getting parts plaguing 12M3, planned funds for repairs to the old truck were instead channelled into the existing Capital Reserve Fund for its replacement. With this Capital Reserve Fund nearing the purchase price of a new fire truck, an article will appear on the 1989 Town Warrant to address this need.

We wish to thank the townspeople of Holderness for their continued support.

Respectfully submitted,
Tom Stepp, Clerk

Report Of Town Forest Fire Warden And State Forest Ranger

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact one of the persons mentioned above.

FOREST FIRE STATISTICS - 1988

	STATE	DISTRICT	TOWN
Number of Fires	498	51	2
Acres Burned	509.10	337½	¼
Cost of Suppression	\$78,144.93	\$25,794.52	\$256.00

E. Sven Carlson
Forest Ranger

Richard Mardin
Forest Fire Warden

This year saw the retirement of Warden Stanley E. Graton who had been Warden for many years as well as a 27 year member of the Fire Department. His dedication to the duties of Warden is well known by his fellow firefighters, and he will be missed by all.

The fire activity for the year, while not extensive, shows a change in the cause for our response. One fire resulted by a homeowner burning without a permit as he was unaware of New Hampshire fire laws. This was spotted by the Red Hill Tower. A second fire resulted from an individual who had a previous permit and had piled fresh brush on what appeared to be cold ashes, but a gusty wind activated these coals and ignited the pile. This fire was also discovered by Red Hill Tower. Our third response was for Mutual Aid to Moultonboro to work the Red Hill Fire. This fire was apparently started from multiple set fires, and when they burned together, caused over 300 acres to require extinguishment. This was the most extensive forest fire in the State in modern times and was a most costly operation. Our extinguishment expenses for the year are as follows:

April 23	Shepard Hill Rd.	12 men	\$ 96.00
May 9-10	Red Hill	20 men	\$1,210.00
Sept. 11	East Holderness Rd.	17 men	\$ 160.00

Dual Training classes were held by the State with outdoor work in Moultonboro and an indoor session in Plymouth. Our cost for the Wardens to participate was \$112.70.

424 permits were issued during the year, with the Warden writing 145, the Deputy 51 and the Town Clerks Office 228. Several locations required on-site inspection, and shows another busy year. The cooperation of the people of Holderness in securing these required permits is greatly appreciated.

Our other expenses are:

The Fire Barn	forestry hose bags	\$ 223.77
Mountain Media	fire permit notice	22.50
Wajax Pacific	hose and adapters	431.21
Wajax Pacific	hose "Y" valves	252.20
S.W. Currier	repair to 12F2	32.96
Town of Moultonboro	operation of Red Hill Tower	1,000.00
Ossipee Mt. Electronics	repair to portable radio	44.92
Wajax Pacific	hose and head lamps	576.00

I wish to thank all the citizens of Holderness and the members of the Fire Department for their complete cooperation and support during my first year as your Forest Warden, and look forward to continuing this association.

Respectfully submitted,
Richard E. Mardin, Warden

1988 Report of the Holderness Planning Board

During 1988, the Planning Board processed 34 subdivision applications. Of these, 9 required an information hearing while the remaining needed site surveys and review prior to approval or disapproval. The approved subdivisions represent a possible 150 housing units in the near future.

In order to meet changing requirements the Board has revised its Subdivision Regulations, developed a Capital Improvement Plan, proposed revisions to the Zoning Ordinance, and is in the process of reviewing and revising the Master Plan.

All recommended changes to the Zoning Ordinance are prepared and will appear on the ballot at the upcoming Town meeting.

There will be a questionnaire sent out regarding revisions to the Master Plan. Please fill it out and return it promptly to the Board. Your input and participation in the Town affairs are greatly needed.

The Capital Improvement Plan (CIP), which includes a comprehensive study of the roads in town, is being published and will be given to the Selectmen in January 1989. The CIP is a six year planning program which displays capital expenditures of more than \$10,000 in any area of town government. It is a valuable tool for the officials of the town to use in setting priorities for the various needs of the Town. The Town has many needs, the CIP prioritizes the needs and spreads out the costs in a more affordable and reasonable manner.

The Board has lost four of its members this year.

I wish to thank Crecia Closson for the many years of excellent service and outstanding performance as Chairperson.

Bob Ford is to be commended for his exceptional task as chairman during a trying period of difficult subdivision decisions.

Harrison Sargent was a great loss to the Board in view of his dedicated service and vast knowledge of planning and land use related subjects.

Steve Currier gave a great deal to the Board and it's a shame that he had to leave. His opinions and presence were greatly appreciated.

Please support OUR town. This Board as well as other boards, groups, committees, etc. need your input. It is very discouraging sometimes to sit on a board at a Public Hearing and look out at an audience of only two or three concerned citizens. I'm never quite sure whether the townspeople have the utmost trust in the Board or they just don't care. I'm afraid that most of the time people just don't care. Please, come to the meetings. The Town needs your input.

Respectfully submitted,
Earl F. Hansen
Chairman

1988 Report of the Zoning Board of Adjustment

1988 was a much busier year for the Board of Adjustment. A total of thirty-five appeals were scheduled. There were twenty-five requests for a Variance to the Zoning Ordinance, three appeals for Special Exceptions and seven appeals of Administrative Decisions.

The Board granted twenty-three Variances and denied two. Two Special Exceptions were granted and one request was withdrawn. The Board upheld six Administrative Decisions and overturned one.

Respectfully submitted,
Martin J. Riehs, Jr.
Chairman

Report of the Zoning Officer

1988 has been a good year. Access to sites was relatively easy, applicants were very cooperative, broke one mirror, had one small dent and one flat tire on the truck.

Building Permit applications reviewed	252
Building permits issued	202
Building Permit variances granted	10
Building Permit denials	40

The above breaks down to the following:

Residences	30
Additions/Alterations/Repairs	98
Docks	15
Garages/Sheds	20
Driveways	10
Boat house	1
Septic systems	7
Signs	7
Swimming pool	1
Antenna pedestal	1
Culvert	2
Pond	1
Parking lot	1
Tennis court	1
Fuel storage tank	1
Wells	6

Report of the Health Officer

For the year ending 12/31/88 there were twenty (20) new septic system plans and seven (7) replacement septic systems approved. These all required both State and Town approvals. Three (3) systems were repaired and required Town approval only. Approximately four (4) complaints relating to health matters were received during the year including one (1) complaint about the dumping of waste.

Russell R. Moren
Health Officer

Annual Report of Holderness Conservation Commission

The past twelve months have been among our busiest since the voters established this commission 21 years ago this coming town meeting.

Numerous alternate commissioners were appointed by the selectmen to enable the creation of a Land-Trust Task Force to function as the local body for implementation of the Trust for N.H. Lands' program of matching grants to towns and cities. Such grants are for the purchase of open space or other ecologically sensitive lands, or lesser interests in such areas in the form of conservation easements. By maintaining the balance between development and protection of the town's natural resources, upon which our economy depends, the community has been able to plot a careful course in its growth. Our hats are off to members of the Planning Board, ZBA and others who are assisting in this ongoing endeavor.

It is the attraction of large, undeveloped portions of our community that keeps seasonal residents and tourists, the lifeblood of the local economy, coming back again and again.

Many of the conservation issues we undertook in 1988 were of a very basic nature; potential groundwater contamination from the dump (see separate report), interpretation of the one-dock-per-200 foot frontage rule, proximity of a new road alongside valuable wetlands, comments on the procedure for evaluating a proposed low-head hydro power station at Livermore Falls, processing 63 wetland project applications, reclamation of a riverbank in Squam and Pemigewasset Rivers plus the stabilization of steep erosion areas, representing the town on the Office of State Planning's Squam Lakes Watershed Planning Project, local recommendations pertaining to the state's new moorings legislation, West Rattlesnake Trailhead relocation and numerous other "on the ground" issues.

The commission also investigated the installation of a gasoline storage tank on the shore of Squam Lake and made recommendations to the selectmen, required steep slope stabilization to prevent siltation from reaching Little Squam Lake, met with members of the White Oak Pond Watershed Association over concerns of a new development near Lamb Swamp and attended a workshop on natural resource protection sponsored by the North Country Council.

The commission meets every third Wednesday at 7 p.m. in the town hall conference room. Special meetings and field inspections are held in between

regular meetings. All proceedings of the commission are open to the public and we welcome all comments, citizen input and offers of assistance.

Annual Report of Holderness Task Force On Trust For New Hampshire Lands

(Subcommittee of Conservation Commission)

The State's \$10 million per-year effort to conserve open space provides up to 50% matching grants for local acquisitions of open lands or conservation easements. Full or partial donors, may meet requirements for local match with little or no cost to the town.

In January 1988, the Holderness Selectmen named as a subcommittee to the Conservation Commission a Task Force on the Trust for N.H. Lands. Its purpose is to weigh land conservation needs and opportunities within the town and develop any appropriate application(s) for the State funds. The Task Force meets monthly. In March of 1988, it proposed a successful town meeting warrant article authorizing the Selectmen's acceptance and use of such funds; invited public suggestions through their press and wrote major landowners offering land conservation assistance; analyzed town land needs and options; met with its highly active counterpart group in Sandwich; and placed inquiries with some owners of wetlands and extensive open land.

Judy Tumosa and Sarah Thorne of the statewide Trust staff, and Tom Howe of the Lakes Region Conservation Trust, gave needed assistance.

Areas under consideration include the shores of the Pemigewasset River and the Squam Lakes, including public access potentials, a Route 3 turnout or rest area with lakes view, acquiring permanent public access to area hiking trails, and protection of undeveloped scenic hillsides. The year closed with no specific acquisition projects completed but with hopes that more interest can be generated in 1989.

Holderness landowners wishing to explore some form of land protection or conservation need only contact the Conservation Commission or a member of this subcommittee.

Report of the Park Board

The summer of 1988 will be long remembered. With temperatures rising to the high 90's in June, the town beach was officially opened the day after school closed. The beach had a lifeguard on duty Tuesday through Sunday between the hours of 10-4:30. She did a great job, thanks Diane!

On June 11th members of the Holderness Cub Scout Pack #70 and town residents donated their time in an effort to clean up the beach. We raked the beach and painted the bathrooms and changing rooms. A lot was accomplished that day. We all had a great time working together. The cub scouts provided hamburgers and hot dogs, and McDonalds of Plymouth provided drinks. To all of you, thanks for your help!

Also special thanks goes to the local businesses for their generous donations towards the purchase of a new swing set for the beach. The swings were greatly enjoyed by our children. Its been a wonderful addition to our beach.

Ticket sales were up. A total of 130 tickets were sold. This year we are going to try a new system of beach passes. We will be issuing stickers for your car. There will be more information available at a later time.

The problem with the septic system continues. This year the use of portable toilets will be available.

Looking forward to the summer of 1989. See you all at the beach!

Holderness Park Board
Susan Lafreniere

Holderness Free Library

1988 Annual Report

During the year 1988, the Holderness Free Library continued to be a source of entertainment and education to residents and visitors of all ages.

With the help of local Boy Scouts and volunteers, a children's area was created, in the new room, and filled with books. The librarian's work area was also located in this room for space and convenience. The septic system was finally completed and the new rest room is functional.

The trustees greatly appreciate the efforts of Esther Horstman and Ellen Corliss in establishing a Friends of the Library Group, and look forward to their future plans.

Frank Webster will be sorely missed as a trustee and benefactor of the library.

The trustees thank the librarian, assistant librarian, and our volunteers for all their efforts and support.

Library Hours (Year-round):

Mondays, Wednesdays and Saturdays 10 a.m. to 6 p.m.
(Closed on official state holidays.)

Programs:

This year programs have included some very successful Story Hours done for us by volunteers Ann Levin and Kay Hanson, Christmas Crafts and other events tied in with the Town celebrations, Volunteer Library Aides (which were a big help for our pregnant librarian), and our usual Summer Reading Program.

Jane Blaine continues as our Assistant Librarian, and Mary DeLashmit is starting her tenth year as our Librarian. On Sept. 16, 1988 Mary added a new patron and Library Aide to our lists — little Willi DeLashmit was born!

Mary DeLashmit

1988 Report of the Pemi-Baker Home Health Agency

The Pemi-Baker Home Health Agency continues to provide a wide range of home health care services for the residents of Holderness. Home visits, which increased 78% over 1987, were as follows:

Skilled Nursing	882
Physical Therapy	47
Occupational Therapy	1
Home Health Aide	303
Homemaker	312

Additional services offered to area towns, including Holderness, are:

I.V. Therapy	Free Blood Pressure Clinics
"Helping Hands"	Free Office Blood Pressures
Physical Therapy	Equipment Loan Closet
Respiration Therapy	Free Immunization Clinics
Diabetic Screening Clinic	Car Seat Safety Program
Newborn Visits	Maternal-Infant Early Discharge Program

As a non-profit Agency, the Pemi-Baker Home Health Agency offers many free services to the community, provides home care for people who might otherwise need to be in a nursing home and extends health services to all regardless of ability to pay. The two-day Flu Clinic, held in November, accommodated many residents and charged only the cost of the vaccine. In addition to the free bimonthly immunization clinics, a special one was held at the Plymouth Area High School in December. The "Helping Hands" program, new last year, provides volunteer time at no cost to families caring for a home-bound person. The free blood pressure and diabetic screening clinics are held in Ashland, Hebron, Plymouth and Rumney and are open to anyone.

The per capita appropriation for 1989 is \$3.85, an increase of 15 cents over last year.

The Agency will gladly furnish information about its services. Call them Monday through Friday at 536-2232. Also, your Representative to the Board of Directors will be glad to answer questions.

Respectfully submitted,
Lillian E. Plasse
Holderness Representative
Pemi-Baker Home Health Agency

Grafton County Commissioners' Report February 2, 1989

Unlike town and school budgets which are passed by local voters each March, Grafton County budgets are passed by the 28 member Legislative Delegation in late June. The state Dept. of Revenue Administration determines each town's share of county taxes based on the town's proportion of total assessed valuation in the county. Each town's property tax rate reflects its share of county tax as well as town and school taxes.

In 1988 Grafton County's budget increased from \$8.9 million to \$10.1 million. The amount of the county budget to be raised by property taxes increased by 12.85%, from \$4.5 million to \$5.0 million. (Just under half of the county budget is funded by property taxes. The rest is funded by a combination of state and federal monies and various user fees.)

The 1988 county tax increase resulted from a number of factors. A 5% wage/salary raise for the county's 250 employees increased the budget by \$96,000. Operating expenses for a new 34-bed jail wing added \$114,000; capital expenditures added another \$223,000. The county share of court-ordered placement costs for juveniles increased \$150,000, while the county share of nursing home payments for indigents in county and private homes was up \$338,000. (These two programs, representing almost a quarter of the county budget, are determined by state and/or federal legislation, and are therefore beyond the county's control.) Finally, the county lost \$42,000 in revenue with the elimination of federal Revenue Sharing Funds.

Since 1986 the county has been responsible for several programs formerly paid by the towns. These include paying 25% of court-ordered placement costs for juveniles and 50% of Old Age Assistance and Aid to the Permanently Disabled.

Furthermore, during the state financial crisis of the early 1980's, the state reduced its share of Medicaid for county nursing home patients from 50% to 38.5% of the non-federal contribution. Legislation to restore the state's 50% share passed the New Hampshire House in 1986 and 1987 but was killed in the Senate. Until such legislation passes, counties are forced to make up the difference.

Grafton County operates a 134-bed nursing home, primarily for individuals who are eligible for Medicaid. With the opening of a new wing (expected

around April 1, 1989), the county's correctional facility will expand from 65 to 98 beds, housing both men and women awaiting trial or sentenced to a year or less of incarceration. The county farm, which is one of three in the state and continues to be self-supporting, offers work programs for inmates. It also provides fresh meat and vegetables for the nursing home and cooperates with the Extension service in experimental agricultural programs.

1988 Report Of The Upper Village Sewer District Manager

During the past several years, many people in the Sewer District have moved and left new buyers with unpaid Sewer bills. We presently are in the position to apply liens on properties with unpaid sewer bills and will do so accordingly. Hopefully, within a strict two year budget, the Sewer District will become a self supporting area in the Town of Holderness as it is the residents of the Sewer District who benefit from the advantage of having this service provided by the Town of Plymouth

Holderness School District Meeting

March 16, 1988

The annual meeting of the Holderness School District was called to order at 7:05 P.M. by Moderator Tink Taylor. There were forty people present and Board members: Lynn Decker, Jim Nourse and Bruce Leonard. Also present were Principal, Michael Maroni and Superintendent, Paul Dulac.

Mike Hayes led us in the Pledge of Allegiance.

The Moderator read the rules of the meeting and introduced the Board members and other officials.

The following business was transacted:

ARTICLE I: To see what action the District will take relative to the reports of agents, auditors, committees or officers.

Olive Staples moved, Mike Hayes seconded followed by discussion.

Lynn Decker reported for the Cooperative School Planning Committee of their ongoing study for a Cooperative School. A grade 9-12 school concept is being investigated as well as present and future needs and facilities. There was discussion of the number of students attending PAHS in the fall of 1988 (82) and that their tuition costs of \$4,291.38 per student represents a 2% increase.

The vote to accept all reports was in the affirmative.

ARTICLE II: To see if the District will vote to raise and appropriate the sum of eighteen thousand dollars (\$18,000) toward the purchase of a new boiler. Further, to see if the voters will authorize the school board to withdraw eighteen thousand dollars (\$18,000) from the Capital Reserve Fund created for this purpose.

Olive Staples moved, Pat Palmer seconded.

After a brief discussion, this article passed in the affirmative.

ARTICLE III: To see if the District will vote to establish a contingency fund in accordance with Revised Statutes Annotated 198:4-b, such contingency fund to meet the unanticipated expenses that may arise during the year, and further, to see if the District will raise and appropriate the sum of two thousand dollars (\$2,000) for such contingency fund.

Mr. Horstmann moved, Olive Staples seconded.

The vote was in the affirmative.

ARTICLE IV: To see if the town is interested in obtaining land running adjacent to the school for future use.

Olive Staples moved, Polly Fairbanks seconded.

An amendment was made by J.O. White and seconded by Tom Stepp to substitute the word "district" for "town" in this article.

The vote on the amendment was in the affirmative.

Discussion followed concerning the various towns need to enlarge their school plants but finding a shortage of land on which to develop. It is hoped that the Melanson land may become available for eventual purchase by the district. Ms. Sally Fellows does not believe that land will be sold by the Melanson family but others spoke in favor of keeping avenues open.

The vote on Article IV, as amended, was in the affirmative.

ARTICLE V: To see if the District will vote to authorize the School Board under RSA 198:20-B to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds.

Fran Taylor moved, Bob Bergeron seconded.

The vote was in the affirmative.

ARTICLE VI: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

Jim Nourse moved and Bruce Leonard seconded that the sum of \$1,906,345.00 be raised under Article VI.

Jim Nourse reviewed the general figures and Bruce Leonard explained the bond payments, and that the budget has increased approximately 10.8% over last year. School year 88-89 will see increases in an additional second

grade and an added day of art as well as adding one day of physical education. Topics relating to bond commitment, special education students, guidance counseling, liability insurance, necessary renovations to existing building, and teacher evaluation programs were brought up and responded to by the school board members, Mr. Dulac and Mr. Maroni.

Alisoun Hodges moved and Bill Tirone seconded an amendment to add the words "...said amount to include monies already raised in Articles II and III" to Article VI.

The vote on this amendment was in the affirmative.

The vote on Article VI, as amended, was in the affirmative.

ARTICLE VII: To transact any further business which may legally come before this meeting.

Bruce Leonard announced that a grant from the state of \$40,000 will go toward a computer system for the school. The Moderator announced that Bruce Leonard has been re-elected to the School Board for three years and Claudia Goodwin elected as Treasurer.

Mike Hayes moved and Russ Goss seconded that the annual school district meeting be adjourned. The meeting was adjourned at 8:28 P.M.

Respectfully submitted,
Nancy J. Ruhm
School District Clerk
Holderness

School District Warrant

The State of New Hampshire

To the inhabitants of the School District of Holderness qualified to vote in district affairs:

You are hereby notified to meet at the Holderness Town Hall in said district on the fourteenth day of March, 1989, polls to open at 10:00 o'clock in the forenoon of said day and close no earlier than 7:00 in the evening of said day to act upon the following subject:

1. To choose a Member of the School Board for the ensuing three years.
2. To choose a Treasurer for the ensuing year.

Given under our hands at said Holderness this twenty-first day of February, 1989.

Bruce Leonard
James Nourse
Lynn Decker
School Board

A true copy of warrant attest

Bruce Leonard
James Nourse
Lynn Decker
School Board

The State of New Hampshire

To the inhabitants of the School District in the Town of Holderness, in the County of Grafton, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Holderness Central School in said District on Tuesday, the twenty-first of March, 1989 at 7:00 o'clock in the evening to act upon the following subjects:

ARTICLE 1: To see what action the District will take relative to the reports of agents, auditors, committees or officers.

ARTICLE 2: To see if the District will vote to authorize the School Board to expend nineteen thousand one hundred and twenty-five dollars (\$19,125)

from excess sweepstakes funds supplementally appropriated under Chapter 278 of the New Hampshire laws of 1988 and distributed to the Holderness School District by the New Hampshire Department of Education. Said expenditure is for the following purpose; \$19,125 to decrease the \$117,846 deficit.

ARTICLE 3: To see if the District will vote to raise and appropriate the sum of ninety-eight thousand seven hundred and twenty-one dollars (\$98,721) as a deficit appropriation representing over-expenditures for the removal of asbestos for the fiscal year 1988-1989.

ARTICLE 4: To see if the District will vote to establish a contingency fund in accordance with Revised Statutes Annotated 198:4-b, such contingency fund to meet the cost of unanticipated expenses that may arise during the year, and further, to see if the District will raise and appropriate the sum of two thousand dollars (\$2,000) for such contingency fund.

ARTICLE 5: To see if the District will vote to authorize the School Board under RSA 198:20-B to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds.

ARTICLE 6: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

ARTICLE 7: To see what sum of money the District will vote to raise and appropriate to fund the increase in cost items relative to teachers' salaries and other fringe benefits for the 1989-1990 school year, which resulted from the collective bargaining agreement entered into between the Holderness School District and the Holderness Education Association which represents increases over the current salaries and fringe benefits.

ARTICLE 8: Shall the School District accept the provisions of RSA 195 (as amended) providing for the establishment of a cooperative school district, together with the school districts of Ashland, Campton, Plymouth, Rumney, Thornton, Waterville Valley, and Wentworth in accordance with the provisions of the proposed articles of agreement filed with the school district clerk?

ARTICLE 9: To transact any further business which may legally come before this meeting.

Given under our hands this 21st day of February in the year of our Lord
nineteen hundred and eighty-nine.

Explanation of Superintendent's and Assistant Superintendent's Salary for 1987-1988

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each Superintendent of a School Administrative Unit shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same...Said report shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the unit."

One-half of the School Administrative Unit expenses is prorated among the several school districts of the unit on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$52,000 which was received by the Superintendent of Schools of School Administrative Unit #48 during 1987-1988 was prorated among the school districts comprising the School Administrative Unit. Allowance for \$2,500 travel within the Unit was also prorated as stated above.

The salary of \$40,500 for the Assistant Superintendent during 1987-1988 and travel allowance within the Unit of \$1,750 was prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

District	Adjusted Percent	Supt. Salary	Supt. Travel	Asst. Supt. Salary	Asst. Supt. Travel
Campton	15.26	7,935.20	381.50	6,180.30	267.05

Holderness Central School

1988-1989

Annual Report of the Principal

To the School Board, the Superintendent of Schools and the residents of Holderness, I respectfully submit my annual report.

Enrollment

Our present enrollment is 260. Last year at this time our enrollment was 243, showing a net increase of 17 students. To meet this growth, we have added a second grade, increased art and physical education to 3 days per week and will be adding part-time faculty at the third and eighth grade levels. Unlike previous years, all new classes and expanded programs have new or renovated space, meeting or exceeding all state standards. We are anticipating further expansion of classes at both the third and fourth grade levels in September as well as expanding our physical education/health programs and guidance services.

Faculty

The following individuals have joined our staff this year:

Mrs. Judy Klunder in Grade 2. Judy comes to us after many happy and successful years teaching in Alaska. Her commitment to, and understanding of Whole Language has enriched and challenged us.

Mrs. Maureen Clark serves as our other second grade teacher. She is no stranger to our Supervisory Unit, having taught previously in Plymouth and Rumney. Her commitment to educating the whole child intertwines wonderfully with the school's philosophy.

Mr. Kenneth Mattson, sixth grade homeroom and upper grade math. Mr. Mattson has had a long tenure in Rumney. Besides a masculine presence at the upper grade level, he brings an understanding of adolescents and a wealth of experience.

Mrs. Wendy Govoni in seventh grade homeroom and upper grade language arts. Mrs. Govoni comes to us from the Linwood school, where she has taught for 12 years. Our upper grade faculty is brightened and enhanced by her experience and competence.

Mrs. Ellen Greene has joined us as Food Service Director. Ellen has previously served as Food Service Assistant.

On the playground, we welcome Mrs. Donna Bourque.

Building

My report this year centers on growth and our expansion to meet the needs of our students and community. The most visible sign of our growth is the \$2.8 million expansion/renovation project just completed. The entire plant is now served by a new ventilation and heating system, new water and sewer and new electrical service. We have a clock/loud speaker system in every classroom. The school is now equipped with fire and smoke detection systems and a comprehensive fire alarm system tied directly to the regional response center in Laconia. Our entryway has been redesigned and new windows enhance the front facade.

We have a new three-classroom wing attached off the old teacher's room/transition classroom. Leading from the renovated main entry is a redesigned hall with office space, bathrooms and classrooms adjacent to it. Moving into the old gym we now have a new kitchen, lunchroom, library, media center and handicapped access to our Industrial Arts and Home Economics rooms. Continuing down the main corridor we enter the gym addition which houses the gym, lockers and storage, grade 8/science lab, bathrooms, music room, physical education office and a workroom. At one end of our new gym is a full stage and to one side are bleachers. The facility is complete and we have quickly moved to fill the new space. Our faculty can now expand their programs to better meet the students needs. Thank you to all for your support in the building project and understanding during the project. The faculty and staff of HCS, ever proud of their programs, are now beaming with pride for a facility that can only enhance our commitment to the development of the individual learner, the whole child and Quality Education.

Holderness Central School

School Nurse's Report 1988

The following is a report on the health services provided by the school nurse. The main objective is to maintain the general health of all students by the use of first aid, early identification of health problems and health education.

On April 21, 1988, a pre-school vision and hearing clinic was held for all 4-6 year olds at the Plymouth Area High School which is sponsored by the State Bureau of Maternal and Child Health and the Lion's Club.

On May 24-25, 1988, pre-school screening for kindergarten was held at Holderness Central School. Twenty-five students were screened and health histories were obtained by parent interviews.

Cholesterol screenings and blood pressures were taken on 19 members of the faculty and staff on June 20, 1988 by Colleen McDermott, exercise physiologist.

Dental assistances was given to one student by the Lindsay fund.

The Lion's Club provided a vision examination and glasses for one student.

HSC Health fund provided services for two students.

On October 13 and November 1, 1988 Dr. David Cunis and Wendy Cameron, nurse practitioner conducted health physicals on 40 students in grades 5 and 7 and new students in grade 8. A few referrals were made at that time.

Several health programs were available to students:

1. Weight and diet control.
2. Advisor/Advisee program - small discussion groups that work on problem solving, values clarification, etc.
3. Fluoride Rinse Program - 99% participation in grades T-6.
4. Dental Program - 73 students' teeth were cleaned by a registered dental hygienist along with an oral examination and topical fluoride application, sponsored by the HSC PTA.

Nurse's Work:

Vision Tests	- 208	(11 referrals)
Color Blindness tests	- 35	

Hearing Tests	- 243	(14 referrals)
follow-up tests	- 65	
Heights and Weights	- 208	
Blood Pressures	- 95	
follow-ups	- 2	
Scoliosis Checks	- 95	(4 referrals)
First Aid	- 1000+	
Head Checks	- 600+	

Hot Lunch Program - acceptance or rejection of applications.

Communicable Disease Report:

1. Strep Throat - 23 cases
2. Mononucleosis - 1 case
3. Viral meningitis - 1 case

Effective January 1, 1988 the minimum immunizations requirements for school entry are (unless there is a medical or religious exemption):

- 5 doses DPT and/or Td vaccine
- 4 doses polio vaccine
- 1 dose MMR (measles, mumps and rubella vaccine)
- *given on or after 12 months of age

One major change under the new state law (RSA 141-C) is that no child may be enrolled in school without first presenting an immunization record, partial or complete, or a medical or religious exemption. Gone is the 30 day waiting or grace period.

Appreciation is expressed to all school personnel, parents and volunteers for their cooperation and support.

Sincerely,
Linda Cowan, R.N., B.S.N.E.
School Nurse

Superintendent's Report

School Administrative Unit #48 continues in its commitment to quality education and dealing with the individual needs of our students. Each school district board, and the School Administrative Unit Board has set educational goals for this year. These goals included a wide-range of educational topics including meeting the individual educational needs of our students; building self-esteem for staff and students; providing for the basic needs of our educational program in the form of the building and renovation of facilities; meeting the 1991 state elementary standards; continuing to review and develop curriculum articulation with the SAU; promoting communication with staff and the community, promoting program excellence as well as many other goals.

First of all, allow me to thank you for the privilege of working with your children as superintendent of schools. Secondly, let me thank the large group of individuals from all districts who have worked with us directly in such interesting areas as "Celebrating Diversity" in Campton. I also wish to thank school building committees in five districts including Rumney and Wentworth; and others who are preparing bond issues, i.e. Waterville Valley, Campton and Plymouth. Special thanks goes to PTA and community members and other parent organizations both at the elementary school and the high school; and finally to our staff who are implementing programs and other projects which are currently alive in the School Administrative Unit.

We take great pride in the development of a committee structure to improve the development and articulation of curriculum and programming within the School Administrative Unit. We also celebrate our first ever School Administrative Unit-Wide Curriculum Day which is an effort to train and assist teachers with new programs and ideas, and also provide a forum for other important topics. We continue in our effort to work together as a School Administrative Unit for the benefit of all school districts and our students.

This year many committees have been extremely busy and deserve special thanks. These committees have been dealing with diverse topics such as the formation of a new cooperative high school district in the School Administrative Unit #48 area. Special thanks goes to the twenty-four committee members who have worked very hard in formulating a plan that, in my opinion, is educationally sound and cost effective. I commend the Plymouth State College faculty for their efforts in assisting our school districts with training for our teachers as well as future teachers. The Plymouth State College/School Administrative Unit collaboration will intensify in the future. A number of creative and innovative projects are currently being planned. Thanks are extended to our teachers and administrators for their work on newly created curriculum committees within the School Administrative Unit.

Finally thank you to the parents who have gone the extra mile in volunteering their time and expertise, in an effort to assist the School Administrative Unit with providing quality education to our students.

The effort of the community at large has been impressive. Our accomplishments are yours. It is a tribute to our communities that so many of you have made time for what are crucial and extraordinary projects. I will end this report as I started it by stating that we are committed to quality education for our students, but I would add in these difficult times, the achievement of our goals is possible only through community support and the extraordinary efforts of our teachers, administrative staff and school boards.

Respectfully submitted,
G. Paul Dulac, Ed.D.
Superintendent of Schools

Auditor's Report

On Financial Presentation

To the Members of the School Board
Holderness School District
Holderness, New Hampshire

We have examined the general purpose financial statements of the Holderness School District as of and for the year ended June 30, 1988, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Holderness School District at June 30, 1988, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund and individual account group financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Holderness School District. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

November 8, 1988

Carri Plodzik Sanderson

Town Clerk: Monday, Tuesday, Thursday, Friday 9-12 and 1-3; Wednesday 10-12 a.m.; Thursday night 7-8:30 p.m.; 968-7536

Tax Collector: Thursday 1-3 p.m., 4:30-7:30 p.m., 968-7153

Building Permits: Required by anyone “intending to erect, construct, alter or reconstruct any building or structure.” Applications available at Town Office; submit to Selectmen with fee. Permits valid for 18 months from issuance; work must start within 6 months.

Planning Board: Applications available at Town Office. Copies of Subdivision Regulations available at Town Office (\$1.50). Any subdivision of land or change of boundary lines must be approved by this Board.

Zoning Board of Adjustment: Applications available through Selectmen. Copies of ordinance available at Town Office (\$2.00). ZBA reviews requests for variances, special exceptions and appeals from administrative decisions, and acts only on items that have been denied by other decision making bodies, such as Selectmen or Planning Board.
